

Greetings local business owner!

In July 2015, former Downers Grove North champion runner Ben Silver took his life at 22 after battling schizophrenia for nearly three years. As a brother, son, grandson, friend, and teammate, Ben excelled in all aspects of life. He had an impressive running career at Herrick Middle School and Downers Grove North. He was also a singer, songwriter, poet, and role model for all who knew him.

On July 22nd, 2023, we are hosting our 8th annual Ben's Memorial Mile in-person, after two years of virtual racing through the pandemic! Over that time, we have raised well over \$100,000 for mental health research and advocacy! It will be a great summer reunion and feel-good event for people of all ages. It will again be a community gathering to honor Ben's life and raise money and awareness for mental health, schizophrenia research, and suicide prevention. There are two organizations who we will donate our net proceeds to: the Brain & Behavior Research Foundation (BBRF) and National Alliance on Mental Illness (NAMI).

Local businesses investing their time and resources help make our event a successful one. If you are not in a position to make a financial contribution, you can still help our foundation in other ways: we accept donated goods for our raffle or event needs, and we can always use help with outreach.

This year, your business can be part of this exciting community event! We appreciate your generosity and hope you find a level of support below that is comfortable for you (please see the next page for our sponsorship levels). Thank you for being a part of Ben's story and contributing to the community!
